

Global Procurement and Logistics

Company Profile

About US

Global procurement & Logistics is a specialized multidisciplinary global sourcing, procurement, logistics and supply chain company that delivers a complete, single source procurement solution to our clients worldwide.

Strategically located in Mozambique and South Africa, with a network of partner offices across South Africa together with strategic partners in the China, Global Procurement is able to offer unrivalled access to global sourcing, procurement and logistics.

Our experienced procurement and commercial teams also tailor credit solutions to assist customers with their specific requirements, ensuring products and goods can be purchased on the credit terms that best match their business cycles.

Light Architecture

Cross-Border Transportation

It involves transporting items from one country to another, encompassing various modes like road, rail, air, and sea, and both private and public carriers.

Customers Clearance

Submitting required documentation, paying any Applicable duties and taxes, and potentially inspection of the goods. It's a mandatory Step for all international shipments.

Quality Control and Inspection

Essential processes for ensuring products or Services meet predefined standards and customer expectations.

Specialized Transport Services

Consolidated Loads

No matter how small your cargo, we can collect and transport across the border.

Dedicated Fleet

We offer a range of cargo transport including Abnormal loads (earth-moving machinery), Flatbed super-links, Tri-axle trucks, and 8-tonner trucks.

Specialized Transport Services

Dangerous Goods Compliance

We are fully compliant to carry dangerous goods, and specialize in the transport of break bulk loads of Ammonium Nitrate and explosives.

End-to-End Transport

Our services cover customs clearance, warehousing, and final-mile delivery.
